Cloud Shared Office ECM for Salesforce

## Bug Fixes

### Delivery

There was a problem that the address was not able to be retrieved if two characters or more were not input. This problem is fixed, and It came to be able to retrieve it by even inputting one character.

### CSO Contents List

The error occasionally occurred if contents were up-loaded to space where a large amount of contents existed. This problem is fixed.

### Salesforce Chatter Linkage

There was a problem that the notification target group is not displayed on the screen when a Salesforce Chatter icon was clicked. This problem is fixed.

And other known bugs are fixed.
