Release Notes

Ver. 1.0.0 | May 2014 Ed.

Cloud Shared Office Sync

Client Function List

Auto-Synchronization

Changes on the synchronized space of CSO ECM is automatically synchronized with client PC when it starts.

Manual Synchronization

When auto-sync is paused, a selected folder (space) or file (content) can be synchronized with client PC.

Sync Space Selection

From the synchronizable spaces of Collaboration and Company space set by the administrator, synchronize by selecting from the tree space.

Sync Folder Selection

The folder to be synchronized in client PC can be set. External storage option (paid) can also be used and can specify whether a network drive, shared folder, USB disk and the like.

Release Notes

Ver. 1.0.0 | May 2014 Ed.

Cloud Shared Office Sync

Client Function List (Continued)

Bandwidth Limit

Since the network bandwidth used in synchronization is limited per Kbyte, you can use simultaneously with other service which needs bandwidth.

Proxy Support

In and environment that uses proxy server, you can also use CSO Sync by configuring manual or automatic detection of proxy settings. (WPAD is not supported)

Multiple Language Support

Like CSO ECM, it supports Japanese, English and Chinese. In the initial setting, the language is set automatically according to the language setting of the CSO ECM user.

ECM Link

Synchronized folder (space) or files (contents) of client PC can be displayed in the browser by linking it to CSO/ECM.

Release Notes

Ver. 1.0.0 | May 2014 Ed.

Cloud Shared Office Sync

Server Function List

Sync Space Management

Sets the space that can be synchronized. Only subspaces set as synchronizable can be selected as synchronized space in client PC.
