# Cloud Shared Office Sync

## Bug Fixes

### File download

When running sync file download, there's a bug that would state that the response from the server is not returned and in rare cases, download will stop. This has been fixed.

### Download Progress Display

The progress percentage displayed when a mouse is hovered on the CSO icon on the taskbar during download runtime always displays 0 in the first decimal point. This has been fixed and that the progress percentage to be displayed is accurate to one decimal point.
